Court Filing & Research:

If E-Filing isn't mandatory in the specific jurisdiction, we will file all lawsuits in the appropriate counties, at the court's location specified by the client. Once filed, the case number, hearing, pre-trial or mediation information will be instantaneously e-mailed to you. Conformed copies will be dropped off to the client's office on the next daily pick up or sent via U.S. Mail. Non-Local standard cases may experience a filing delay due to shipping, handling and transit restrictions.

File & issue only cases are charged a standard Service of Process fee for the specified geographical area and any additional cases or pleadings going to the same court's location that can be picked up and filed at the same time will be free of charge. Status update e-mails:

If we are unable to make contact, we will provide information as to the condition of the property, results from inquiry of the neighbors or postal carrier, tag information for any vehicle, trailer or vessel present, status of the electricity or water at the property and any additional information the server was able to obtain on their attempts. In the event your subject no longer resides at the property address provided, we will update you promptly and place the document on hold pending further instructions.
